

LAWYER LEAD LIST

PERK's Lawyers in the LA County Case are Attorney Scott Street, John Howard, and George Wentz. We highly recommend our lawyers, but they are currently hired by PERK and engaged in a collective legal action for the entire group including thousands. Each personal situation is so unique and may require a personal legal agreement.

PERK does not endorse, recommend, or refer to any one particular lawyer or group below. We are also not liable for any outcomes or engagement agreement made between the parties. We are simply providing a possible lead for one on one legal support. A few lawyers below have been recommended by PERK Group Leaders. Some lawyers below are inclined to help with religious exemptions, employment issues, filing complaints to the EEOC, and other specialties.
