

2024 KOOL APRIL NITES SCHEDULE

Every year Kool April Nites creates its schedule of events from the support of our community sponsors. All proceeds go directly back into youth programs in the community and total over 1 million dollars to date. Each show listed is organized and put on by the individual business. If you have questions about a specific show please contact the business listed as the organizer. The week ends with the cruise and biggest show & shine of them all. Registering your vehicle for Kool April Nites only covers the cost of showing your car in these two events. Any show with a cost associated is decided by that business and is denoted below with ^.
